5. EVALUATION

5.1. EVALUATION FACTORS/POINTS

- 5.1.1. The District will evaluate responsive proposals and assign a score in each category, not to exceed the maximum allowed score for that category, as determined through the Offeror’s attention to the criteria detailed in the following sections. The amount of discussion to be applied to each listed topic is an individual choice of the Offeror, however, discussion should be detailed enough to inform and educate the evaluators.
- 5.1.2. Proposals will be scored based upon comparison of the information submitted by each Offeror against the evaluation criteria outlined below.

RFP SECTION	EVALUATION FACTORS	POINTS AVAILABLE
4.1.1.1.	Specialized Design and Technical Competence	15 Points
4.1.1.2.	Capacity and Capability to Perform Work	20 Points
4.1.1.3.	Past Record of Performance	20 Points
4.1.1.4.	Proximity to or Familiarity with Site Location(s)	20 Points

5.2. EVALUATION PROCESS

5.2.1. The evaluations process will follow the five steps listed below:

- 5.2.1.1. All Offeror proposals will be reviewed for compliance with the mandatory specifications stated within the RFP. Proposals deemed non-responsive will be eliminated from further consideration.
- 5.2.1.2. The Procurement Manager may contact the Offeror for clarification of the response, as specified in paragraph 2.2.8.1.
- 5.2.1.3. The Evaluation Committee may use other sources of information to perform the evaluation.
- 5.2.1.4. Responsive proposals will be evaluated on the factors in Section 5 that have been assigned a point value. The responsible Offeror(s) whose proposal is most advantageous to the District, taking into consideration the evaluation factors in Section 5 and successful negotiations, will be recommended for contract award. Please note, however, that a serious deficiency in the response to any one factor may be grounds for rejection regardless of overall score. In the event of oral presentations, responsible Offerors with the highest scores resulting from the written evaluations will be selected as finalist Offerors.
- 5.2.1.5. Points awarded from the oral presentations will be added to the previously assigned points from the written evaluations to attain final scores.
- 5.2.1.6. Ties in ranking shall be scored using the sum of the ranking places, divided by the number of firms in a tie. The following is an example of scoring for a first-place tie:

Scoring		Numerical Ranking		
Firm A	Tie	$(1^{st} + 2^{nd}/2)$	=	1.5
Firm B	Tie	$(1^{st} + 2^{nd}/2)$	=	1.5
Firm C	3rd		=	3

A tie for first, at the end of the final rankings after the completion of short listing and interviews, shall be broken by a separate ranking by the committee members, only ranking the firms involved in the tie. If a tie still exists after ranking only the tied firms, the tie shall be broken by the Procurement Manager.

The Prospective Contractor must disclose whether they, a family member or a representative of the Prospective Contractor has made a campaign contribution to an applicable public official of the state or a local public body during the two years prior to the date on which the Contractor submits a proposal or, in the case of a sole source or small purchase contract, the two years prior to the date the contractor signs the contract, if the aggregate total of contributions given by the Prospective Contractor, a family member or a representative of the Prospective Contractor to the public official exceeds Two Hundred Fifty dollars (\$250) over the two year period.

Furthermore, the state agency or local public body shall void an executed contract or cancel a solicitation or proposed award for a proposed contract if: 1) a Prospective Contractor, a family member of the prospective Contractor, or a representative of the Prospective Contractor gives a campaign contribution or other thing of value to an applicable public official or the applicable public official's employees during the pendency of the procurement process or 2) a Prospective Contractor fails to submit a fully completed disclosure statement pursuant to the law.
